Reflection paper on expectations for electronic source data ...

In this context the reflection paper has categorised these 12 requirements into five topics and discusses issues relating to each. This does not imply endorsement of other concepts or details in the CDISC publication. 3, which contains an extensive discussion of the issues involved, although they could also apply. The requirements of Directive 95/46/EEC of the European Parliament, ...

A Mathematical Theory of Communication - Harvard University

present paper we will extend the theory to include a number of new factors, in particular the effect of noise in the channel, and the savings possible due to the statistical structure of the original message and due to the nature of the final destination of the information. The fundamental problem of communication is that of reproducing at one point either exactly or ap-proximately a ...

DENSITY ESTIMATION FOR STATISTICS AND DATA ANALYSIS

The probability density function is a fundamental concept in statistics. Consider any random quantity X that has probability density function f. Specifying the function f gives a natural description of the distribution of X, and allows probabilities associated with X to be found from the relation Suppose, now, that we have a set of observed data points assumed to be a sample ...

Conceptual Framework - SAGE Publications Inc

Many writers identify the part of a research design, proposal, or published paper that deals with the conceptual framework of a study as the literature review. This can be a dangerously misleading term. In developing your conceptual framework, you should not simply review and summarize some body of theoretical or empirical publications,
