Oh My! What a Life! Sharon Terry 2010-11 Sharon Terry tells the story of her family's struggle to escape poverty at the end of the Great Depression and how she became a registered nurse, married, divorced, remarried happily for forty years, raised four successful sons and overcame two separate cancers and two heart attacks. She was the youngest member of a family of seven children. Her beloved father died when she was nine years old, leaving her mother desperately providing for and holding together her family. Sharon describes her small town life in southern Indiana and her life as a teenager on a large farm outside the small Indiana farm community of Poseyville.

Leaving southern Indiana for Indianapolis, she attends nurses training, works hard and frolics some, becoming a registered nurse. She marries and then discovers the sorrows of her failed marriage and her difficulties and joys raising three young boys as a single parent. Then she entered her happy, forty year marriage to her second husband. They move to Carmel, Indiana, where she has her fourth son. She recounts how the new family bonded, how the sons were educated and given tough love, became successful, married and produced eight grandchildren. She describes how she coped with two cancers and two heart attacks, showing the same strength, endurance, courage and good nature that her mother earlier showed through years of near poverty. Finally, she introduces the grandchildren and shows that there will be a future and that it will be good.

The Crown Nancy Bilyeau 2012-01-10 An astonishing debut in historical fiction, hailed as "part The Da Vinci Code, part The Other Boleyn Girl," (Woman's Day), The Crown follows one nun's dangerous quest to find an ancient relic during Cromwell's reign of terror. Joanna Stafford, a Dominican nun, learns that her favorite cousin has been condemned by Henry VIII to be burned at the stake. Defying the rule of enclosure, Joanna leaves the priory to stand at her cousin's side. Arrested for interfering with the king's justice, Joanna, along with her father, is sent to the Tower of London. While Joanna is in the Tower, the ruthless Bishop of Winchester forces her to spy for him: to save her father's life she must find an ancient relic—a crown so powerful, it may possess the ability to end the Reformation. With

Cromwell's troops threatening to shutter her priory, bright and bold Joanna must decide who she can trust so that she may save herself, her family, and her sacred way of life. This provocative story melds heart-stopping suspense with historical detail and brings to life the poignant dramas of women and men at a fascinating and critical moment in England's past.

Female Gothic Histories Diana Wallace 2013-04-15 Female Gothic Histories traces the development of women's Gothic historical fiction from Sophia Lee's *The Recess* in the late eighteenth century through the work of Elizabeth Gaskell, Vernon Lee, Daphne du Maurier and Victoria Holt to the bestselling novels of Sarah Waters in the twenty-first century. Often left out of traditional historical narratives, women writers have turned to Gothic historical fiction as a mode of writing which can both reinsert them into history and symbolise their exclusion. This study breaks new ground in bringing together thinking about the Gothic and the historical novel, and in combining psychoanalytic theory with historical contextualisation.

My Church Is Not Dying Greg Garrett 2015-03-01 • Evangelism for a world that hates evangelism, but needs the church • The unfolding vision of a church stepping into the future, instead of dwelling in the past The old way of "being church"—measured by political influence, money, and congregants in the pews—may indeed be vanishing, but it is being replaced by something new and beautiful for those with the eyes, ears, heart, and soul to experience it. Prolific author Greg Garrett reminds Episcopalians of the many gifts that our tradition can offer a doubting and hurting world. He reveals a church that values intellect, beauty, diversity, and community, and promotes thoughtful engagement with questions of faith, ethics, and community. This church espouses a generous orthodoxy, welcoming left and right, mystic and doubter. It values education, social justice, and engagement with literature and culture. And in opposition to the radical individualism espoused by most of American Protestantism, it offers the unique gift of a tradition shaped by English culture that believes the individual is a part of her or his community—not in opposition to it.

An Apple A Day Caroline Taggart 2011-01-28 Does absence really make the heart grow fonder? Can beggars be choosers? Is it always better late than never? Proverbs are short, well-known, pithy sayings that offer advice or words of encouragement and are used in everyday English without much thought ever being given to their meanings, or indeed, usefulness. In An Apple A Day Caroline Taggart explores the truth behind our favourite proverbs, their history and whether they offer any genuine help to the recipient. Did you know that The Old Testament has an entire book devoted to proverbs? Or that 'a bird in the hand is worth two in the bush' is a proverb from

falconry that dates back to the Middle Ages? Many proverbs are still in use today, including the very famous 'slow and steady wins the race', which derives from one of the many fables of Aesop. Lighthearted but authoritative, An Apple A Day proves that proverbs are as useful today as they ever were.

Divorced, Beheaded, Survived Karen Lindsey 1995-01-20 *Divorced, Beheaded, Survived* takes a revisionist look at 16th-century English politics (domestic and otherwise), reinterpreting the historical record in perceptive new ways. For example, it shows Ann Boleyn not as a seductress, but as a sophisticate who for years politely suffered what we would now label royal sexual harassment.
