The One World Schoolhouse Salman Khan 2012-10-02 A free, world-class education for anyone, anywhere: this is the goal of the Khan Academy, a passion project that grew from an ex-engineer and hedge funder's online tutoring sessions with his niece, who was struggling with algebra, into a worldwide phenomenon. Today millions of students, parents, and teachers use the Khan Academy's free videos and software, which have expanded to encompass nearly every conceivable subject; and Academy techniques are being employed with exciting results in a growing number of classrooms around the globe. Like many innovators, Khan rethinks existing assumptions and imagines what education could be if freed from them. And his core idea-liberating teachers from lecturing and state-mandated calendars and opening up class time for truly human interaction-has

become his life's passion. Schools seek his advice about connecting to students in a digital age, and people of all ages and backgrounds flock to the site to utilize this fresh approach to learning. In *The One World Schoolhouse*, Khan presents his radical vision for the future of education, as well as his own remarkable story, for the first time. In these pages, you will discover, among other things: How both students and teachers are being bound by a broken top-down model invented in Prussia two centuries ago Why technology will make classrooms more human and teachers more important How and why we can afford to pay educators the same as other professionals How we can bring creativity and true human interactivity back to learning Why we should be very optimistic about the future of learning. Parents and politicians routinely bemoan the state of our education system. Statistics suggest we've fallen behind the rest of the world in literacy, math, and sciences. With a shrewd reading of history, Khan explains how this crisis presented itself, and why a return to "mastery learning," abandoned in the twentieth century and ingeniously revived by tools like the Khan Academy, could offer the best opportunity to level the playing

field, and to give all of our children a world-class education now. More than just a solution, The One World Schoolhouse serves as a call for free, universal, global education, and an explanation of how Khan's simple yet revolutionary thinking can help achieve this inspiring goal.

Serving with the Union Army during the Civil War as a nurse, scout, spy, and soldier, Harriet Tubman tells what it was like to be the first American woman to lead a raid against an enemy, freeing some 750 slaves. Busting gender stereotypes, Inga Fredriksen Ferris describes how it felt to be a woman marine during World War II. Heidi Squier Kraft recounts her experiences as a lieutenant commander in the navy, deployed to Iraq as a psychologist to provide mental health care in a combat zone. Letters My Mother Never Read Jerri Diane Sueck 2007-04-01 A few months after our arrival in Scranton, I finally get up the courage to ask Grandma Resuba the question that is constantly on my mind. "Why do you hate us so much?" I say to her. "When mommy was here, you gave us milk and cookies and let us sit in your kitchen." For the first time since we arrived, Grandma Resuba looks me full in the face. Her eyes bore into mine, blazing with hatred. She spits out her reply. "Your mother was nothing! My son had no business marrying a woman with four kids." Her voice rises higher as she rages on. "I'll never forgive her for marrying my son. I'm glad she's dead, only now I'm stuck with you miserable brats! Every penny and minute I spend with you takes away from what I should be giving to Alice. She's my flesh and blood, and you're nothing, just like your mother was." When her mother died in a fire, eight-year-old Jerri thought life couldn't get worse.

Punk Rock: So What? Roger Sabin 2002-09-11 It's now over twenty years since punk pogo-ed its way into our consciousness. Punk Rock So What?brings together a new generation of academics, writers and journalists to provide the first comprehensive assessment of punk and its place in popular music history, culture and myth. The contributors, who include Suzanne Moore, Lucy OBrien, Andy Medhurst, Mark Sinker and Paul Cobby, challenge standard views of punk prevalent since the 1970s. They: * re-situate punk in

its historical context, analysing the possible origins of punk in the New York art scene and Manchester clubs as well as in Malcolm McClarens brain * question whether punk deserves its reputation as an anti-fascist, anti-sexist movement which opened up opportunities for women musicians and fans alike. * trace punks long-lasting influence on comics, literature, art and cinema as well as music and fashion, from films such as Sid and Nancy and The Great Rock n Roll Swindle to work by contemporary artists such as Gavin Turk and Sarah Lucas. * discuss the role played by such key figures as Johnny Rotten, Richard Hell, Malcolm McClaren, Mark E. Smith and Viv Albertine. Punk Rock Revisited kicks over the statues of many established beliefs about the meaning of punk, concluding that, if anything, punk was more culturally significant than anybody has yet suggested, but perhaps for different reasons.

Intimate Nature Linda Hogan 1999 Provides insight into the unique relationship that exists between women and animals and includes contributions from Diane Ackerman, Annie Dillard, Jane Goodall, Temple Grandin, and Barbara Kingsolver. *Learn Better* Ulrich Boser 2019-09-03 For centuries, experts have argued that learning was about memorizing information: You're supposed to study facts, dates, and details; burn them into your memory; and then apply that knowledge at opportune times. But this approach to learning isn't nearly enough for the world that we live in today, and in *Learn Better* journalist and education researcher Ulrich Boser demonstrates that how we learn can matter just as much as what we learn. In this brilliantly researched book, Boser maps out the new science of learning, showing how simple techniques like comprehension check-ins and making material personally relatable can help people gain expertise in dramatically better ways. He covers six key steps to help you "learn how to learn," all illuminated with fascinating stories like how Jackson Pollock developed his unique painting style and why an ancient Japanese counting device allows kids to do math at superhuman speeds.

Boser's witty, engaging writing makes this book feel like a guilty pleasure, not homework. *Learn Better* will revolutionize the way students and society alike approach learning and makes the case that being smart is not an innate ability--learning is a skill everyone can master. With Boser as your guide, you will be able to fully capitalize on your brain's remarkable ability to gain new skills and open up a whole new world of possibilities.

Respect Trumps Harmony Rachael Robertson 2020-04-06 Develop a high-performing team based on a culture where respect trumps harmony As teams become more diverse, we won't always see eye to eye. We won't agree on everything, and we may not even like each other. In order to achieve results, we need to have robust, candid and constructive discussions. *Respect Trumps Harmony* offers a proven approach to navigating the difficulties faced in teams and workplaces today. To build collaboration; strengthen innovation; and manage safety, risk and well-being, it's critical that there is a foundation of respect, not harmony. Developed during author Rachael Robertson's time leading one of the toughest workplaces on the planet—Davis Station, Antarctica—and further informed by over 15 years of research, case studies and feedback, Robertson suggests that harmony in the workplace is overrated, and can even be dangerous, and that above all else, respect is the key ingredient of a high-performance culture. A focus on respect over harmony improves everything from morale to productivity. *Respect Trumps Harmony* integrates the three pillars at the core of Robertson's leadership practice: No triangles, The bacon wars, and Lead without a title, enabling you to:

- Manage conflict and put an end to gossip
- Improve accountability and the quality of feedback,
- Recognise and manage dysfunctional behaviour
- Build collaboration to strengthen innovation
- Identify and manage risk
- Inspire trust and confidence by displaying personal leadership, and encourage others to do the same

irrespective of their title *Respect Trumps*

Harmony is a contemporary leadership handbook, essential for all modern leaders and those who wish to transform the culture within their own team.

Sooner Than Tomorrow Dede Ranahan

2019-04-08 Welcome to my world. My story

is written in diary format. I wrote it from June 16, 2013, to June 15, 2014. What I didn't know, as I was writing, was that I was capturing the last year of my son's life. Pat died, unexpectedly, on July 23, 2014, in a hospital psych ward. Suddenly, my diary morphed into a more poignant record than I'd anticipated, and after he died, I discovered Pat had been making regular posts on Facebook. I decided to add his comments to my own. I like stories where I can extrapolate from the singular to the universal--that is where I can identify with a common denominator in another person's experience. One early reader of my diary said, "Your story is so relatable." That's what I hope other readers will say. You may relate to my story if: You have a child (children) you love more than your own life. You have a child who suffers from serious mental illness. You've lost a child--no matter what age. You're a member of the sandwich generation. You treasure conversations with children--especially when they're your grandchildren. Your cat or your dog is in charge of your household. Your bones are beginning to creak. You wake up each morning with a huge hole in your heart but you know, somehow, some way, you have to get up and put one foot in front of the other. You enjoy reading the other side of history--about ordinary people and their daily lives. You have a sense of humor. You've been thinking of leaving something for your descendants--a letter, story, diary, song, painting, or poem--but you haven't gotten around to it. Maybe my diary will spur you on. More notes about the format: I've added a Before section (Scenes from the Trenches). Going in, I want the reader to know "Yes, Houston, we really do have a problem." I've divided my diary into quarters--Summer, Fall, Winter, Spring. I introduce each with a poem--three of them are Pat's. I end with an After section I didn't see coming. As I was writing, I had no idea, from day to day, what stories were unfolding. I learn, right along with the reader, what will happen next. We're all on a journey. Thank you for going on this journey with me. Dede Dede posted her story in two-

week increments at www.soonerthantomorrow.com. The following are readers' responses. Beautiful words with an undertone that has caught me . . . carrying me up and down. Such a good writer that I am grateful to be with you. I can borrow some courage here. --Janet So happy for the readers who will discover you. --Liz Dede, every one of your blog posts has a portion that I love so much that I take a screenshot and read it over and over. --Stacey Dede, I anxiously await each posting from your blog/book. You write with such skill, and not easy when it's so personal, but your passion sprinkled with humor are the reasons that this is successful. --Joan L. I've done this, the primal scream and the mother animal instinct. There can't be anything more painful, not even death. My son was a normal little boy and a normal young man until schizophrenia came calling. Now I feel so shattered. I love your diary. --J.H.D. I only this was a contrived drama. It's so visceral. You're an artist. --Heidi F.

Let Me Take You Down Jack Jones
2011-02-23 A top crime journalist reveals precisely how the world-shattering murder of John Lennon happened—and why In *Let Me Take You Down*, Jack Jones penetrates the borderline world of dangerous fantasy in which Mark David Chapman stalked and killed Lennon: Mark David Chapman rose early on the morning of December 8 to make final preparations. . . . Chapman had neatly arranged and left behind a curious assortment of personal items on top of the hotel dresser. In an orderly semicircle, he had laid out his passport, an eight-track tape of the music of Todd Rundgren, his little Bible, open to *The Gospel According to John* (Lennon). He left a letter from a former YMCA supervisor at Fort Chaffee, Arkansas, where five years earlier, he had worked with refugees from the Vietnam War. Beside the letter were two photographs of himself surrounded by laughing Vietnamese children. At the center of the arrangement of personal effects, he had placed the small *Wizard of Oz* poster of Dorothy and the Cowardly Lion. "I woke up knowing,

somehow, that when I left that room, that was the last time I would see the room again," Chapman recalled. "I truly felt it in my bones. I don't know how. I had never seen John Lennon up to that point. I only knew that he was in the Dakota. But I somehow knew that it was it, this was the day. So I laid out on the dresser at the hotel room . . . just a tableau of everything that was important in my life. So it would say, 'Look, this is me. Probably, this is the real me. This is my past and I'm going, gone to another place.' "I practiced what it was going to look like when police officers came into the room. It was like I was going through a door and I knew I was going to go through a door, the poet's door, William Blake's door, Jim Morrison's door. . . . I was leaving what I was, going into a future of uncertainty." Praise for *Let Me Take You Down* "Jack Jones has written a beautiful book, rare in its attention to the social context giving rise to stalkers and assassins of celebrities . . . celebrity worship is ambivalent—admiration shares the altar with envy. When the worshipped disappoints, a 'nobody' can become a 'somebody' by killing the pop culture idol. *Let Me Take You Down* is both fascinating and brilliant."—Ladd Wheeler, Professor of Psychology, University of Rochester, Former President of the Society for Personality and Social Psychology

Shatterday Harlan Ellison 2014-04-01 "One of the great . . . American short-story writers" exposes the darkness of the human heart in these speculative tales of terror and tragedy (George R. R. Martin). A five-year-old boy never ages, living as an immortal in a past that no longer exists while the world encroaches upon his innocence, in the Hugo and Nebula Award-winning "Jeffty Is Five." An alien attack leaves Earth on the brink of Armageddon, as humans find themselves unable to resist the sexual allure of their invaders in "How's the Night Life on Cissalda?" In the Nebula Award-nominated "Shatterday" (subsequently adapted into the pilot episode of the second *Twilight Zone* series), a man fights for his life against a relentless enemy who knows his darkest secrets—his own doppelganger. In these and other thought-provoking stories, legendary author Harlan Ellison dissects the primal fears and inherent frailties common to all people and gives voice to the thoughts and feelings human beings bury deep within their souls. Unflinching and unapologetic, Ellison depicts men and women in all their ugliness and beauty, and humanity in all its fury and glory. Stories include "Introduction: Mortal Dreads," "Jeffty Is Five," "How's the Night Life on Cissalda?," "Flop Sweat," "Would You Do it For a Penny?" (written in collaboration with Haskell Barkin), "The Man Who Was Heavily Into Revenge," "Shopper Keeper," "All the Lies That Are My Life," "Django," "Count the Clock That Tells the Time," "In the Fourth Year of the War," "Alive and Well on a Friendless Voyage," "All the Birds Come Home to Roost," "Opium," "The Other Eye of Polyphemus," "The Executioner of the Malformed Children," and "Shatterday."

The Macho Paradox Jackson Katz

2019-06-04 "A candid look at the cultural factors that lend themselves to tolerance of abuse and violence against women."—Booklist Revised and updated to include current studies, politics, and discussions, *The Macho Paradox* is the first book to show how violence against women is a male issue as well as a female one — and how we can come together to stop it. Written by pioneering anti-violence educator Jackson Katz, *The Macho Paradox* incorporates the voices and experiences of women and men who have confronted the problem from all angles, the discussions surrounding current events in politics and pop-culture, and where the violence is ignored or encouraged in our upbringing. Katz also offers cogent explanations for why so many men harass and hurt women, and he shows what can be done to stop the violence. By working together as allies, Katz shows how all genders can end the abuse and mistreatment of women. Additional Praise for *The Macho Paradox*: "If only men would read Katz's book, it could serve as a potent form of male consciousness-raising."—Publishers Weekly "These pages will empower both men and women to end the scourge of male violence and abuse. Katz knows how to cut to the core of the

issues, demonstrating undeniably that stopping the degradation of women should be every man's priority."—Lundy Bancroft, author of *Why Does He Do That?: Inside the Minds of Angry and Controlling Men*

Cold Brew Corpse Tara Lush 2021-12-07 Espresso bar owner Lana Lewis returns in Tara Lush's second *Coffee Lover's* mystery, a stimulating read that fans of Cleo Coyle and Laura Childs will savor to the last drop. It's a steamy September, and business is brisk at Perkatory, the hottest coffee shop in Devil's Beach, FL. Much of the clientele pours in from Dante's Inferno, the hot yoga studio next door. But the bright, sunny Gulf Coast days turn decidedly dark-roast when the body of the studio's owner turns up in a nearby swamp. Between running Perkatory and training Stanley, her golden Shih Tzu puppy, reporter-turned-barista Lana Lewis is too busy to go sleuthing. But when the editor of the local paper asks her to write about the murder, Lana's dreams of getting back into journalism start to percolate. Lana discovers that the yogi has a nefarious past and her share of mug shots, so grinding her way through the suspect list is a large task. She learns that the victim was fatally beamed by an SUV before she was dumped in the swamp. But was the killer one of her students? An envious yoga teacher? Or a local photographer who seems to know too much? But no one tells Lana Lewis what to do. Hunting the caf-fiend who killed the yogi puts Lana and Chief Noah's relationship--

and Lana's life--in very hot coffee.

Continuing Bonds Dennis Klass 2014-05-12 First published in 1996. This new book gives voice to an emerging consensus among bereavement scholars that our understanding of the grief process needs to be expanded. The dominant 20th century model holds that the function of grief and mourning is to cut bonds with the deceased, thereby freeing the survivor to reinvest in new relationships in the present. Pathological grief has been defined in terms of holding on to the deceased. Close examination reveals that this model is based more on the cultural values of modernity than on any substantial data of what people actually do. Presenting data from several populations, 22 authors - among the most respected in their fields - demonstrate that the health resolution of grief enables one to maintain a continuing bond with the deceased. Despite cultural disapproval and lack of validation by professionals, survivors find places for the dead in their on-going lives and even in their communities. Such bonds are not denial: the deceased can provide resources

for enriched functioning in the present. Chapters examine widows and widowers, bereaved children, parents and siblings, and a population previously excluded from bereavement research: adoptees and their birth parents. Bereavement in Japanese culture is also discussed, as are meanings and implications of this new model of grief. Opening new areas of research and scholarly dialogue, this work provides the basis for significant developments in clinical practice in the field.
