The End of Men Hanna Rosin 2012-10-11 What Betty Friedan, Simone de Beauvoir, Susan Faludi and Naomi Wolf did for feminism, senior editor of The Atlantic Hanna Rosin does for a new generation of women: an explosive new argument for why women are winning the battle of the sexes and why men are no longer top dog. Women are no longer catching up with men. By almost every measure, they are out-performing them. We are at an unprecedented moment in history. In 2010, for the first time, the balance of the British workforce tipped towards women, who now hold around half of the nation's jobs. In the US, meanwhile, for every two men that receive a BA, three women will achieve the same. Not only do women now dominate colleges and professional schools on every continent except Africa, young single women in the US now earn more than their male counterparts, and more than a third of mothers in the UK and the US are their family's main breadwinner. The tides have turned. The 'age of testosterone' is decisively over. At almost every level of society women are proving themselves far more adaptable and suited to a job market that rewards people skills and intelligence, and a world that has a dramatically diminishing need for traditional male muscle. In this landmark, once-in-a-generation book, Hanna Rosin reveals how this new world order came to be and its profound implications for marriage, sex, children, work, families and society.

Unhampered by old assumptions and ideologies and drawing on examples from across the globe, *The End of Men* helps us see how both men and women can - and must - adapt for a radically new era. 'In this bold and inspired dispatch, Rosin upends the common platitudes of contemporary sexual politics with a deeply reported meditation from the unexpected frontiers of our rapidly changing culture' Katie Roiphe, author of *The Morning After* and *Uncommon Arrangements* 'The End of Men describes a new paradigm that can, finally, take us beyond 'winners' and 'losers' in an endless 'gender war.' What a relief! Ultimately, Rosin's vision is both hope-filled and creative, allowing both sexes to become far more authentic: as workers, partners, parents...and people' Peggy Orenstein, author of *Cinderella Ate My Daughter* and *Schoolgirls* Hanna Rosin is a senior editor at The Atlantic magazine and a founder and co-editor of DoubleX, Slate's women's section. She has written for the New Yorker, The New York Times, GQ, and The New Republic, and for a number of years covered politics and religion for the Washington Post. In 2009 she was nominated for a National Magazine Award, and in 2010 she won one. She is the author of a previous book, *God's Harvard: A Christian College on a Mission to Save America*. Rosin lives in Washington, DC, with her husband, Slate editor David Plotz, and their three children.

Adulthood Gabbie Hanna 2017-09-19 Comedian Gabbie Hanna brings levity to the twists and turns of modern adulthood in this exhilarating debut collection of illustrated poetry. In poems ranging from the singsong rhythms of children's verses to a sophisticated confessional style, Gabbie explores what it means to feel like a kid and an adult all at once, revealing her own longings, obsessions, and insecurities along the way. *Adulthood* announces the arrival of a brilliant new voice with a magical ability to connect through alienation, cut to the profound with internet slang, and detonate wickedly funny jokes between moments of existential dread. You'll turn to the last page because you get her, and you'll return to the first because she gets you.

It is a novel for everyone, a novel for a lifetime. **The Mushroom at the End of the World** Anna Lowenhaupt Tsing 2017-09-19 Matsutake is the most valuable mushroom in the world—and a weed that grows in human-disturbed forests across the northern hemisphere. Through its ability to nurture trees, matsutake helps forests to grow in daunting places. It is also an edible delicacy in Japan, where it sometimes commands astronomical prices. In all its contradictions, matsutake offers insights into areas far beyond just mushrooms and addresses a crucial question: what manages to live in the ruins we have made? A tale of diversity within our damaged landscapes, *The Mushroom at the End of the World* follows one of the strangest commodity chains of our times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of matsutake commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial forests, Yi Chinese goat herders, Finnish nature guides, and more. These companions also lead us into fungal ecologies and forest histories to better understand the promise of cohabitation in a time of massive human destruction. By investigating one of the world's most sought-after fungi, *The Mushroom at the End of the World* presents an original examination into the relation between capitalist destruction and collaborative survival within multispecies landscapes, the prerequisite for continuing life on earth.

The Psychosocial Implications of Disney Movies Lauren Dundes 2019-07-11 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

The Four Winds Kristin Hannah 2021-02-02 "The Bestselling Hardcover Novel of the Year."--Publishers Weekly From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family." Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. *The Four Winds* is a rich, sweeping novel that stunningly brings to life the Great Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, *The Four Winds* is an indelible portrait of America and the American dream, as seen through the eyes of one indomitable woman whose courage and sacrifice will come to define a generation.

It Happened One Summer Tessa Bailey 2021-07-13 USA TODAY

BESTSELLER Tessa Bailey is back with a Schitt's Creek-inspired rom-com about a Hollywood "It Girl" who's cut off from her wealthy family and exiled to a small Pacific Northwest beach town... where she butts heads with a surly, sexy local who thinks she doesn't belong. As seen on E!Online, PopSugar, CNN, EliteDaily, Vulture, BuzzFeed, Bustle, the Nerd Daily, PARADE, LA Magazine, Country Living, USA Today, and more! Piper Bellinger is fashionable, influential, and her reputation as a wild child means the paparazzi are constantly on her heels. When too much champagne and an out-of-control rooftop party lands Piper in the slammer, her stepfather decides enough is enough. So he cuts her off, and sends Piper and her sister to learn some responsibility running their late father's dive bar... in Washington. Piper hasn't even been in Westport for five minutes when she meets big, bearded

sea captain Brendan, who thinks she won't last a week outside of Beverly Hills. So what if Piper can't do math, and the idea of sleeping in a shabby apartment with bunk beds gives her hives. How bad could it really be? She's determined to show her stepfather—and the hot, grumpy local—that she's more than a pretty face. Except it's a small town and everywhere she turns, she bumps into Brendan. The fun-loving socialite and the gruff fisherman are polar opposites, but there's an undeniable attraction simmering between them. Piper doesn't want any distractions, especially feelings for a man who sails off into the sunset for weeks at a time. Yet as she reconnects with her past and begins to feel at home in Westport, Piper starts to wonder if the cold, glamorous life she knew is what she truly wants. LA is calling her name, but Brendan—and this town full of memories—may have already caught her heart.
