The Psychic's Guide to the Universe: Memoirs of a Secret Psychic Betty Jane Roschlau 2012-02-27 My Purpose in writing this Book: It is a gift to the countless children and young people who have lived with the fear of threatening ghosts they could not tell anyone about. Ghosts are frustrated souls terrified of the Judgment Day. They avoid the Light because of unresolved Karma and are drawn to the innocence of children for help. This is the story of my personal life guided by paranormal experiences. My childhood development was interrupted by sexual abuse when I was 6 years old. I was confused and desperate until “the Watcher” came to my rescue. I experienced fear and self-doubt growing up, but whenever evil cast a dark shadow across my path, he showed me many psychic gifts that served to protect me. Once I understood my paranormal experiences were gifts I could use, I was able to overcome my fear. I want to share this blessing with all who have suffered in silence. In The Psychic’s Guide to the Universe, you will find the answers you need. With all my Love, Betty Roschlau

When Spirit Calls**you answer** Brenda Diskin 2018-01-24 A step by step beginners guide to psychic and mediumship self development. This book explains what psychic ability and mediumship is about and takes the beginner through various steps and exercises to help them develop the skills needed to become proficient and responsible Psychics and Mediums. I hope that by following my guidelines Mediumship will become an enjoyable and problem free experience. It covers such things as professionalism, discipline, legalities, data protection and insurance. Mediumship can be one of the most rewarding gifts that someone can possess. The look of joy on a bereaved person’s face when they have received even the shortest message from their loved one is one of the best sights that you will ever behold. The immense feeling of satisfaction that a Medium gains from helping someone realise that death is not final; the comprehension that our loved ones’ live on in our hearts and minds, that their ‘energy’ or ‘life essence’ is constantly around us, is one of the most beautiful things a Medium will ever experience. The effort that you, as a Medium, put into discovering how to give these messages to the best of your ability will reflect in your work. This book is intended to help guide you through the learning process. Many times I have been asked "Can anyone become Psychic?" The answer to this is very simple. Everyone is born with Psychic abilities (a sixth sense); think of babies in the crib looking at some ' unseen’ being and laughing and gurgling at them. Think of a child with his/her imaginary friend or those many ‘weird’ co-incidences. One of the main problems we encounter is how we can keep these abilities in a useable and workable state throughout our lives whilst trying to juggle life’s commitments. This is an extremely tough, and for some impossible, task. This is why many people develop their abilities later in life. This book explains what psychic ability and mediumship is about and takes the beginner through various steps and exercises to help them develop the skills needed to become proficient and responsible Psychics and Mediums. I hope that by following my guidelines Mediumship will become an enjoyable and problem free journey for all those that embark on it. As well as covering all aspects of spiritual development I also include the legal aspects associated with working as a psychic or medium. The book has been produced with as little emphasis on any particular religion as possible. Any references or terminologies that appear to implicate a particular deity or religion are purely there to substantiate the average person’s understanding of this particular type of development.

Acrylics have grown into the most adaptable art material for the modern age. As colors are being developed, their chemical components are also enhanced for better texture and handling. Art-supplies vendors now offer acrylic mediums for thinning, thickening, glazing, molding, pouring, texturing, and dozens of other uses. Even experienced acrylic painters can be confused—even intimidated—by this staggering diversity of products. Over twenty step-by-step demonstrations teach you how to apply mediums to create vibrant colors, sensuous surfaces, and striking visual effects. The Book on Mediums Allan Kardec 2010-11-01 The Book on Mediums, also known as The Mediums Book, was written by Allan Kardec and originally published in 1861. It is the widely respected follow up to The Spirits Book which was published in 1857 and is the second in a series of five books that Kardec wrote that are collectively known as the 'Spiritist Codification'. In the 1850's, whilst investigating the afterlife, Kardec communicated in seances with a collection of spirits named 'The Spirit of Truth' who discussed many important topics such as life after death, good and evil, the nature of the universe, the origin of spirits, and many other subjects. The Spirit of Truth' allegedly counted many of history's great thinkers amongst its number such as Thomas Aquinas, Voltaire and Augustine of Hippo. Over time and after several sessions with the group Kardec had gathered enough information to convince him of life after death and he was compelled to spread the teachings of 'The Spirit of Truth'. He 'codified' their comments and listed them as answers to questions and this forms the content of his teaching. The Books on Mediums is intended to be an essential guide to mediumship for mediums and those interested in the spirit world. The book covers the different types of mediumship including, table-turning, incorporation of spirits, haunted houses, transfiguration, apparitions, psychography and telekinesis. It explains how to deal with manifestations and how to guard against frauds, charlatans, and skeptics alike. The book warns against the perils of un-guided mediumship, possession, and obsession that often go hand in hand with the beautiful revelation that spiritual communication can reveal. Some of Kardec's advice found in the book include; "Do not believe the spirit to be who he purports to be unless there is evidence supporting his claim, but even then, wait till others confirm what one has said." "Do not judge the spirits by their purported names, but by the quality of the morals and the philosophy found in their communications." "Do not let yourself be too entertained with the evocation or incorporation of spirits enough to disregard what is more important, like living your own life and helping your neighbour." "Do not live by the spirits' advice: the communications from the spirits are to be studied and revered - but they should not be taken as the word-by-word expression of the ultimate truth." "Do not judge the quality of the communication by the culture or the social status of the medium by which it was brought." As the New Testament states; Test the Spirits dear friends, do not believe every spirit, but test the spirits to see whether they are from God, because many false prophets have gone out into the world. 1 John 4:1

The Psychic's Handbook: Your Essential Guide to Psycho-spiritual Energies Julie Soskin Author 2012-09-09 This book shows us not only how to exploit our psycho-spiritual potential, it also shows us how to navigate the different realms of inner experience that are our birthright. Psycho-spiritual powers can take time and expertise to discern, especially for the novice. How do we know what we are dealing with? Does the ‘information’ made available to us derive from the subtle energies around the body or does it come from some discarnate being? Or perhaps from an alter ego, the personification of hopes and fears from aspects of our projected selves? This book is drawn from research and first-hand experience from thousands of consultations and teaching sessions over many years. In addition, the author, at the end of each chapter, uses anecdotes to illustrate and enlighten the reader, and these are sometimes humorous, sometimes sad, sometimes philosophical, and always true. Well-implemented psychic and intuitive guidance can help to move the individual towards wholeness - a new dawn based on working with the heart and the energy of unconditional love. This in turn radiates out to affect the whole of our society. Psycho-spiritual powers enlarge our lives beyond measure.

Your Psychic Potential Richard Ireland 2011-01-11 Known as the “Psychic to the Stars,” Richard Ireland counseled celebrities including Mae West, Amanda Blake, and Glenn Ford. Twelve years after Ireland’s death in 1992, his son Mark was sent this manuscript, written in 1973. Recently, as Mark Ireland recounts in the foreword, two psychic-mediums with no prior knowledge of the project have received messages suggesting that his father deliberately delayed the book’s release until now, when it would reach an audience more receptive to developing their psychic talents. Your Psychic Potential includes a description of the four spheres/levels of psychic activity, an exploration of the relationship between artistic talents and the psychic, tests and experiments to help unleash psychic ability, a psychic’s diet and meditative exercises that support the freer flow of abilities, and tools to counter inhibitory fears. Anyone interested in discovering their extrasensory talents and achieving conscious control over them is sure to find this an indispensable guide.
