The God of Small Things Arundhati Roy 2017-06-13 Still, to say that it all began when Sophie Mol came to Ayemenem is only one way of looking at it . . . It could be argued that it actually began thousands of years ago. Long before the Marxists came. Before the British took Malabar, before the Dutch Ascendancy, before Vasco da Gama arrived, before the Zamorin's conquest of Calicut. Before Christianity arrived in a boat and seeped into Kerala like tea from a teabag. That it really began in the days when the Love Laws were made. The laws that lay down who should be loved, and how. And how much.

Things Fall Apart Chinua Achebe 1997?

Chinua Achebe Jago Morrison 2016-05-16 Chinua Achebe has long been regarded as Africa's foremost writer. In this major new study, Jago Morrison offers a comprehensive reassessment of his work as an author, broadcaster, editor and political thinker. With new, historically contextualised readings of all of his major works, this is the first study to view Achebe's oeuvre in its entirety, from *Things Fall Apart* and the early novels, through the revolutionary Ahiara Declaration – previously attributed to Emeka Ojukwu – to the revealing final works *The Education of a British Educated Child* and *There Was a Country*. Contesting previous interpretations which align Achebe too easily with this or that nationalist programme, the book reveals Achebe as a much more troubled figure than critics have habitually assumed. Authoritative and wide-ranging, this book will be essential reading for scholars and students of Achebe's work in the twenty-first century.

Drug Use for Grown-Ups Dr. Carl L. Hart 2021-01-12 "Hart's argument that we need to drastically revise our current view of illegal drugs is both powerful and timely . . . when it comes to the legacy of this country's war on drugs, we should all share his outrage." –The New York Times Book Review From one of the world's foremost experts on the subject, a powerful argument that the greatest damage from drugs flows from their being illegal, and a hopeful reckoning with the possibility of their use as part of a responsible and happy life
Dr. Carl L. Hart, Ziff Professor at Columbia University and former chair of the Department of Psychology, is one of the world's preeminent experts on the effects of so-called recreational drugs on the human mind and body. Dr. Hart is open about the fact that he uses drugs himself, in a happy balance with the rest of his full and productive life as a researcher and professor, husband, father, and friend. In *Drug Use for Grown-Ups*, he draws on decades of research and his own personal experience to argue definitively that the criminalization and demonization of drug use—not drugs themselves—have been a tremendous scourge on America, not least in reinforcing this country's enduring structural racism. Dr. Hart did not always have this view. He came of age in one of Miami's most troubled neighborhoods at a time when many ills were being laid at the door of crack cocaine. His initial work as a researcher was aimed at proving that drug use caused bad outcomes. But one problem kept cropping up: the evidence from his research did not support his hypothesis. From inside the massively well-funded research arm of the American war on drugs, he saw how the facts did not support the ideology. The truth was dismissed and distorted in order to keep fear and outrage stoked, the funds rolling in, and Black and brown bodies behind bars. *Drug Use for Grown-Ups* will be controversial, to be sure: the propaganda war, Dr. Hart argues, has been tremendously effective. Imagine if the only subject of any discussion about driving automobiles was fatal car crashes. *Drug Use for Grown-Ups* offers a radically different vision: when used responsibly, drugs can enrich and enhance our lives. We have a long way to go, but the vital conversation this book will generate is an extraordinarily important step.

There was a Country Chinua Achebe 2012 From the legendary author of *Things Fall Apart* comes a long awaited memoir of coming of age with a fragile new nation only to watch it torn asunder in a tragic civil war. The defining experience of Chinua Achebe's life was the Nigerian civil war, also known as the Biafran War, of 1967-1970. The conflict was infamous for its savage impact on the Biafran people, Chinua Achebe's people, many of whom were starved to death after the Nigerian government blockaded their borders. By then, Chinua Achebe was already a world-renowned novelist, with a young family to protect. He took the Biafran side in the conflict and served his government as a roving cultural ambassador, from which vantage he absorbed the war's full horror. Immediately after the war, Achebe took refuge in an academic post in the United States, and for more than forty years he has maintained a considered silence on the events of those terrible years, addressing them only obliquely through his poetry. Now, decades in the making, comes a towering reckoning with one of modern Africa's most fateful events, from a writer whose words and courage have left an enduring stamp on world literature. Achebe begins his story with Nigeria's birth pangs and the story of his own upbringing as a man and as a writer, so that we may understand both the young country's keen sense of promise, which too quickly turned to horror, and Achebe's view of the particular obligation of the artist, especially in a time of war. For Chinua Achebe, to be a serious writer is to be a committed writer - to speak for one's history, one's beliefs, and one's people, especially when others cannot. A marriage of history and memoir, vivid first-hand observation and decades of further research and reflection. *There Was a Country* is a work whose wisdom and compassion remind us of Chinua Achebe's place as one of the great literary and moral voices of our age.

Petals of Blood Ngugi wa Thiong'o 2005-02-22 "The definitive African book of the twentieth century" (Moses Isegawa, from the Introduction) by the Nobel Prize-nominated Kenyan writer The puzzling murder of three African directors of a foreign-owned brewery sets the scene for this fervent, hard-hitting novel about disillusionment in independent Kenya. A deceptively simple tale, *Petals of Blood* is on the surface a suspenseful investigation of a spectacular triple murder in upcountry Kenya. Yet as the intertwined stories of the four suspects unfold, a devastating picture emerges of a modern third-world nation whose frustrated people feel their leaders have failed them time after time. First published in 1977, this novel was so explosive that its author was imprisoned without charges by the Kenyan government. His incarceration was so shocking that newspapers around the world called attention to the case, and protests were raised by human-rights groups, scholars, and writers, including James Baldwin, Toni Morrison, Donald Barthelme, Harold Pinter, and Margaret Drabble.

Engines of Privilege David Kynaston 2019-07-11 'Thoroughly researched and written with such calm authority, yet makes you want to scream with righteous indignation' John O'Farrell Britain's private, fee-paying schools are institutions where children from affluent families have their privileges further entrenched through a high-quality, richly-resourced education. *Engines of Privilege* contends that, in a society that mouths the virtues of equality of opportunity, of fairness and of social cohesion, the educational apartheid separating private schools from our state schools deploys our national educational resources unfairly; blocks social mobility; reproduces privilege down the generations; and underpins a damaging democratic deficit in our society. Francis Green and David Kynaston carefully examine options for change, while drawing on the valuable lessons of history. Clear, vigorous prose is combined with forensic analysis to powerful effect, illuminating the painful contrast between the importance of private schools in British society and the near-absence of serious, policy-shaping debate.

FIREARM SAFETY CERTIFICATE - M California Department of Justice 2016-12-01 The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..
